DEKTON®

AURA15 BOOK MATCH

A New Concept of Design

A product designed
by **COSENTINO**

WHAT IS DEKTON?

Dekton® is a sophisticated mixture of raw materials which includes glass, the latest-generation porcelain tiles and quartz surfaces.

Through an exclusive technological process called PST, Dekton emulates in a few hours what takes nature thousands of years.

PST is a process that sinters mineral particles so that they link up and change their internal structure.

PST - PARTICLE SINTERING TECHNOLOGY

DEKTON ADVANTAGES

HIGHLY SCRATCH RESISTANT	SUITABLE FOR CONTACT WITH WATER	RESISTANT TO FREEZING & THAWING
NON-COMBUSTIBLE MATERIAL	DIMENSIONAL STABILITY	COLOR STABILITY
SUPERIOR MECHANICAL RESISTANCE	LOW WATER ABSORPTION	HIGH RESISTANCE TO FIRE & HEAT
STAIN RESISTANT	ABRASION RESISTANT	HIGHLY UV RESISTANT

SYMMETRICAL PATTERN

With Aura, we have evolved from a single slab design to an endless symmetrical pattern. With eight unique designs, we can reproduce matching compositions that allow continuous vein matching from slab to slab offering two possible ways to order Aura:

Regular Aura slabs. Available at your nearest Cosentino Center, you can select from different patterns based on local inventory.

Book matched Aura slabs. We have developed a system using letters and numbers where Aura can be matched vertically and horizontally; making it easy to select the pattern that better fits your needs. A variety of different combinations can be made depending on the amount of vein you like in your design. Choose from vertical or horizontal matching as well as traditional mirror book or vein matching affect. These slabs are available on demand and some may include additional fees.

DEKTON APPLICATIONS

Kitchen Countertops

Bathroom Countertops

Outdoor Countertops

Indoor Floors

Bathroom & Pool Floors

Outdoor Terrace Floor

Indoor Walls

Bathroom Walls

Exterior Walls

Fireplace Cladding*

Stairs

ULTRA SIZE ULTRA THICKNESS

126" x 56"

.8 / 1.2 / 2.0 cm

LARGE FORMAT INFINITE POSSIBILITIES

Dekton® is presented in large format slabs with minimum thickness, expanding the design possibilities to previously unknown capability.

Thanks to the size (up to 126" x 56") and the versatility of Dekton (from .8cm, 1.2cm & 2.0cm thick), the design possibilities for your kitchen, bathroom, façade, walls or high transit floors grow exponentially.

Dekton presents its limited 25 year transferable warranty. A guarantee to give consumers more confidence. As a leader, we continue to innovate and guarantee the quality of our products. Ensure that the below criteria are met in order to process the fulfillment of the Dekton warranty.

Warranty Terms and Conditions**

1. For the warranty to take effect, the user must have proof of purchase.
2. Dekton products must be installed by a certified fabricator.
3. The warranty does not cover defects deriving from manufacturing or installing the product, as such operations are not performed by Cosentino.
